

# July 2009

For many years a portion of Gaston y Daniela has been distributed through Brunschwig & Fils. Gaston y Daniela has decided to expand representation of the line in the United States. To do so the amount of product will be increased in each Brunschwig & Fils showroom. The Gaston y Daniela company was founded by Gaston Poirier and Daniela Bolivar in 1876 in Bilbao, Spain. After one hundred and thirty three years in operation, the company is still at the forefront of the textile market and retains the innovative spirit that has been its motivation and hallmark since it was first established. The Gaston y Daniela collections offer a wonderful selection of prints and wovens at reasonable prices. They will be introducing new items and will be showcasing top sellers from years past. Expect to see many new fabrics displayed in the Brunschwig & Fils section.

Local designers admiring the showing of new fabrics.

A big thank you to all the designers who were able to attend the special showing of Gaston y Daniela's newest collection. It was a treat to have Miguel Guisado visit the showroom for the first time and personally introduce this beautiful collection. Thank you also to Chris Snyder, Showroom Manager of Brunswick & Fils in Chicago, for time spent with us. For those who were unable to attend, the new Gaston y Daniela fabrics will be available to view in the showroom.
