Bausman & Company

Bausman introduces their new releases from the April Highpoint Market. The new collection expands their upholstery options with the release of several new sofas. Select from a collection of Bausman leathers or send in COM or COL. Last year Bausman introduced a new collection of oak pieces, The 5800 Series, which are distressed using a new unique process exclusive to Bausman. This year they have added multiple new pieces to the collection as well as increased the finishes available to 16. Every piece in the 5800 Series can be ordered with varying degrees of distressing. Choose no distressing for a sleek contemporary feel to heavy distressing for an authentic rustic piece. Contact Designers Only for finish samples or tearsheets. The new collections and entire catalog can also be found online at www.bausman.net.

“The Light in the Window Campaign”

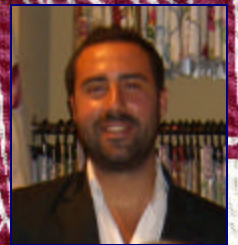

During the Revolutionary War a mother placed a candle in her window every night to light the way home for her returning soldier son. The design staff at Stoney Broke, Ltd. has created “The Light in the Window Campaign” featuring an electrified candle surrounded by greenery, a patriotic ribbon, and a vintage

inspired card bearing the “Light in the Window” poem. The candle was conceived as a symbol of support to the men and women of our Armed Forces. It is hoped that citizens will unite to support this campaign and that every home will have a light in the window to remember our troops. 20% of each sale will be donated to the Wounded Warrior Project.
