After 10 years,
Designers Only remains the
premier showroom to the trade

in the greater Kansas City area. While the showroom opened with only Brunschwig & Fils and a small amount of space, it has continually expanded with the addition of new fabric and furniture lines to become a wonderful resource for designers and their clients. The staff of Designers Only would like to celebrate YOU, our designers, who have brought us to our 10th anniversary. Thank you for your support and friendship!

Lowland Floral

Scalamandre's Lowlands Collection is a tribute to naturalist and artist John James Audubon and his mark on American art over 175 years ago.

Bullfinch and Nautilus is a naturalistic mix of birds, shells, and botanicals on a silk blend satin ground, capturing Audubon's vision and legacy. Group this with *Santo Domingo*, a diamond matelasse available in 6 pastoral colors, or *Academy*, a solid satin available in a wide array of 17 colors.

Henrietta is hand printed on the classic antique taffeta *Caribbean*. Intricate floral bouquets reflect a natural splendor and beauty that Audubon portrayed throughout his work. Match this with *Simbolo* silk stripe for a beautiful complement.

Two new outdoor prints, *Rhododendron* floral and *Kiawah* stripe, are both solution dyed acrylic for outstanding outdoor quality.

Upcountry is a new stripe velvet with incredible durability-over 100,000 double rubs-Class II colorfastness, crush resistant, and has a stain repellent finish. Available in 15 colors *Upcountry* is a great complement to any of the new or classic Scalamandre' prints.

The classic *Edwin's Covey* has been released on a velvet ground. Stock is available in both sisal and mustard grounds. *Tigre*, Scalamandre's classic silk tiger velvet, is being released in new colors (green and red) on a luscious viscose pile to nearly cut the price in half.
